Our mission

To help men strengthen their identity in Christ, understand what drives their responses, and practice servant leadership with greater spiritual awareness, emotional presence, and relational responsibility.

Growth objectives

- Strengthen identity in Christ and clarify your leadership purpose.
- Recognize emotional patterns and take responsibility for your impact.
- Practice listening, difficult conversations, and servant leadership.
- Build consistent habits, accountability, and a plan for continued growth.

The experience

What is the Servant Leader Accelerator™?

A faith-centered, 90-day coaching experience for four men who want to grow in spiritual awareness, emotional health, Relationship Intelligence, and servant leadership. Led by Ben Morris, each group connects biblical truth with practical action at work, home, church, and in everyday relationships.

Who is this group for?

Men who carry responsibility and want to lead with greater clarity, presence, and intentionality. You do not need a leadership title—your choices already influence the people around you.

What is the mission?

To help men strengthen their identity in Christ, understand what drives their responses, and practice servant leadership with greater spiritual awareness, emotional presence, and relational responsibility.

What will we explore?

Identity and calling; spiritual discipline and discernment; emotional awareness; limiting beliefs; strengths and spiritual gifts; active listening; difficult conversations; decision-making; boundaries; and legacy.

How does the 90-day experience work?

You meet with the same four-man cohort for 12 weekly sessions, followed by a final application week through Day 90. Each session lasts 60–75 minutes and takes place virtually on either Friday or Sunday evening. Your cohort keeps the same weekly schedule.

Do I attend both Fridays and Sundays?

No. Choose an available Friday or Sunday evening cohort. You meet once weekly with the same four-man group on its confirmed schedule. Exact dates, time, and time zone are provided when you enroll.

Practice & growth

What happens during a session?

Sessions include a personal check-in, Scripture and focused teaching, guided reflection, discussion, and practical exercises. Real-world role-play helps you rehearse conversations and leadership responses before putting them into practice. Each meeting closes with a specific commitment for the coming week.

Why only four men?

A small group gives each man room to participate, receive focused coaching, and build meaningful accountability. You learn through your own experiences and the perspectives of other men.

What is Relationship Intelligence?

Understanding what is happening within you, recognizing how it affects others, and choosing responses that reflect truth, responsibility, and love. We practice these skills in the situations you actually face.

Is this a Bible study?

Scripture is foundational to the experience. Alongside biblical reflection, you receive coaching, practical tools, role-play, and accountability to help you apply what you learn.

What is included?

Twelve facilitated group sessions, curriculum worksheets, Leadership Scorecards, weekly commitments, a Personal Leadership Covenant, and a plan for your next 90 days. The course closes with a written reflection and a concise response from Ben.

How much work is required between sessions?

Plan for approximately 15–20 minutes of reflection or worksheet work each week, plus practicing one skill or commitment in your everyday life.

Investment & sponsorship

What is the investment?

\$150 per person monthly for three months—a total investment of \$450 for the complete 90-day experience. Enrollment is a commitment to the full course, with payment divided into three monthly installments.

Can someone sponsor my participation?

Yes. LOVE.IN.ACTION.™ Gift Cards purchased through LoveYouMuchly.com can sponsor all or part of your enrollment. A \$150 Gift Card supports one month; \$450 covers the complete 90-day experience. Contact Ben before booking to confirm how gift credit will be applied to your enrollment and any remaining payments.

How are monthly payments collected?

The course uses three monthly payments of \$150, for a total of \$450 per person. The first payment is collected at checkout; the remaining charge dates appear in your payment schedule. Review the schedule before enrolling. This is payment for the complete course, not a drop-in session fee.

Can I purchase a Gift Card for a man I want to support?

Yes. A Gift Card offers a practical way to invest in his growth while allowing him to choose participation. Sponsored men complete their own enrollment and intake. Enrollment is subject to available cohort spaces.

Will my sponsor receive updates about me?

Sponsorship does not include access to your private conversations, personal disclosures, or individual progress.

Participation & next steps

Are the sessions recorded?

No. Participants agree to respect one another's privacy and keep personal disclosures within the group. This shared commitment supports honest conversation.

Do I have to share deeply personal experiences?

You choose your level of disclosure. Meaningful participation involves honesty and reflection, but you will not be pressured to discuss details you are not ready to share.

Is this therapy?

This is coaching and Christian leadership formation, not clinical mental health treatment. We explore emotional patterns and responsible next steps within that scope.

What if I miss a session?

Consistent attendance helps both you and your group. Notify Ben in advance when possible and complete the week's materials. Because sessions are not recorded, you will miss the live discussion and practice.

What should I expect to leave with?

A clearer leadership mission, greater awareness of your patterns, practiced relational skills, and specific commitments for continued growth. Your progress will reflect your participation, honesty, and application.

Is a longer commitment required afterward?

No. Your commitment ends with the 90-day experience. You leave with a practical plan to continue applying what you have learned.

How do I get started?

Contact LoveYouMuchly.com to ask about the next Friday or Sunday evening cohort, confirm availability, and complete your enrollment and intake.

How is this different from the Intensive?

The small group builds habits, skills, and accountability over 90 days. The Relationship Intelligence / Servant Leadership Intensive addresses one shared challenge in a standalone 90-minute session, at \$400 total for one individual or a private group of up to four men.
